Uebler* Rear Bike Carrier I21, for 2 bikes, tiltable by 90° degrees

2 331 135

-1

Very comfortable tow bar mounted carrier with highly innovative features that makes the most out of your bike transportation needs. The smallest and lightest foldable rack that Uebler has ever developed includes a completely new, lever-free iQ fastener, which makes its handling even easier. And as it is also tiltable by 90° degrees, spacious load compartment access with mounted bicycles is nothing to worry about anymore. Being a multiple test winner, the Uebler i-series reliably stands for safety, product quality and loadability.

Features patented folding system to very compact storage size, intelligent lightweight construction, patented, lever-free iQ fastener, removable spacer with anti-theft device and detachable bike frame holders. Easy to fold down using foot lever, ideal for e-bikes, bike arm suitable for bicycle frames up to a diameter of 75 mm round and 75 x 45 mm oval. Carrier is lockable to the tow bar and bikes are also lockable to the carrier, max. 30 kg load capacity for each bike, approximately 13 kg weight, including 13 pin adapter. Size: 118 x 69 x 56 cm, size folded: 61 x 20 x 60 cm. Vertical load: 37 kg from 50 kg towbar load and D-Value 5.3 kN, 37 kg under a towbar load of 75 kg and D-value of 6.7 kN, 60 kg from 75 kg towbar load and D-value of 6.7 kN.

Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit. Take care when tilting the carrier with loaded bikes. Projecting parts such as the handle bar may touch the ground and could be damaged. Please take necessary safety precautions

	K&K* Ground Mat for marten repellent devices Self-adhesive mat that enlarges the electrical conducting surface on plastic parts in the engine compartment, e.g. the engine ground plate. Suitable for M2700, M4700, M4700B and M5700N marten repellent devices	2 033 205 -1
	K&K* Marten Repellent M2700, with ultrasound protection Radiates strong ultrasonic waves in a 360° radius. Can be fitted in the lower part of the engine compartment for higher effectiveness due to its water resistant IP65 protection standard. Current drain of approx. 2 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 110 dB by a frequency of 22 KHz, range of 6 m/360° radius, 100 % waterproof speaker chassis	2 033 207 -1
	K&K* Marten Repellent M4700, combination device Combines electric shock functionality with radiation of ultrasonic waves. Includes 6 stainless steel high voltage contact plates to be fitted flexibly around the engine compartment. Current drain of max. 7 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 115 dB by a frequency of 22.5 KHz, angle of radiation 360°, 100 % waterproof speaker chassis, components meet IP65 protection standard. Please note: electric shocks are just as high to chase the martens away. They do not further harm!	2 033 208 -1

**K&K* Marten Repellent M4700B, combination device**

2 046 845

Combines electric shock functionality with radiation of ultrasonic waves. Includes 6 multi-contact high voltage brushes to be fitted flexibly around the engine compartment. Brushes sweep through fur, paws and snout which highly increases the effective impact surface. Current drain of max. 5.5 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 105 dB by a frequency of 22.5 KHz, angle of radiation 360°, 100 % waterproof speaker chassis, components meet IP65 protection standard. Including safety bonnet switch. Suitable for greater engine compartments. Please note: electric shocks are just as high to chase the animals away. They do not further harm!

-1

**K&K* Marten Repellent M5700N, combination device**

2 033 209

High end solution providing effective repelling in 3 different ways. Combines electric shock functionality, radiation of ultrasonic waves and flashing light emitting diodes. Includes 6 waterproof capsuled satellite speakers with metal membranes. Speakers radiate strong pulsating pure ultrasonic waves in a 180° angle and are charged with high voltage of approx. 200 – 300 V whilst additionally emitting flashing light – all at the same time. Current drain of max. 10 mA, sound pressure of 105 dB by a frequency of 22 KHz, 100 % waterproof speaker chassis, components meet IP65 protection standard. Please note: electric shocks are just as high to chase the animals away. They do not further harm!

-1

**K&K* Marten Repellent M8700, with ultrasound protection, battery operated**

2 033 210

Radiates strong ultrasonic waves. Works independently from a vehicle battery and can be used to protect, e.g. cars or motor homes with disabled battery supply. Also suitable for attics or any outside spaces to keep animals away from your property. Current drain of approx. 0.33 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 105 dB by a frequency of 23 KHz, range of 6 m/180° angle of radiation, 100 % waterproof speaker chassis. Components meet IP65 protection standard

-1

**K&K* Overvoltage Protection**

2 033 206

Permanently monitors the voltage of the on-board electronic system and effectively prevents high peaks that might lead to system failures such as ABS, airbag and all kinds of electronic devices in your vehicle. It also protects against greater wear of light bulbs as well as damage resulting from jump start operations

-2

**K&K* Safety Bonnet Switch for M2700, M4700 and M5700N marten repellent devices**

2 033 204

Conventional bonnet switches shut off the devices, but due to the loaded charging condenser the electric contact plates are still current-carrying for a short period of time. The safety bonnet switch instantly discharges the plates for secure access to the engine compartment

Dashboard Camera

CARMVRG133FD

-1

Garmin®* Dashboard Camera Dash Cam 20

0100131110

-1

Enregistreur de conduite vidéo HD avec écran LCD 2,3 pouces et fonction GPS; Enregistreur de mouvements et des images fixes; Avertissement des zones de dangers et indication de la limitation de vitesse; Indique la date et le lieu précis de chaque séquence; Inclut un microphone intégré qui enregistre les sons à l'intérieur de votre véhicule; Capteur de détection d'incident (accéléromètre) qui enregistre automatiquement les collisions et accidents en vidéo

Garmin®* Dashboard Camera DashCam 65W

2 340 160

-1

Compact, discreet GPS-enabled camera with 2.0 LCD display and an extra-wide viewing angle to be mounted on the windscreen. Continually records and automatically saves footage, if an incident occurs. Starts recording automatically when plugged in to a power source. Features extra-wide 180-degree field of view, 2.1 MP camera with full HD 1080p video capture (1920 x 1080 resolution), integrated G-sensor allows automatic incident detection to save video footage of incidents on impact. GPS records location, direction, speed, date and time to show exactly where and when incidents occurred, plus built-in Wi-Fi for wireless video synchronisation. Voice command function enables you to start/stop audio recording, take a still picture or start/stop the Travelapse™ video capture feature (condenses hours of driving into minutes of highlights). Captures excellent video details in bright and low-light conditions. Records your drive in 1080p in a continuous loop, using the included, replaceable 8 GB microSD™ card. For more memory, add a larger card of up to 64 GB (class 10 required). Play back the footage right on the display, review later on your computer or use the free VIRB® App on your smartphone. Includes driver awareness functions of forward collision warning and lane departure warning. Built-in red light and speed camera data alerts you when red light cameras or speed cameras are close and when your vehicle is stopped, e.g. at a junction or in traffic, the "Go" alert notifies you when traffic ahead of your vehicle is moving again. Parking mode monitors your vehicle's surroundings while your car is parked and the engine is not running. Automatically begins recording, if and when motion is detected (requires Garmin® parking mode cable). Dimensions: 4 cm x 5.6 cm x 3.1 cm, weight: 60 grams. Operates in the range of -20° C to +55°C. Built-in battery. Kit also includes magnetic mount, power cable for cigarette lighter, USB cable, 8 GB microSD™ card and user manual. Please note: Garmin® terms and conditions and operating restrictions for driver awareness functions apply. Please refer to the Garmin® website for further information

	Pioneer* Reverse Camera ND-BC5 This high-quality NTSC universal camera projects a mirror-image on your in-car screen, making it ideal for depicting what you would normally not see in a rear-view mirror. The high-sensitivity lens has a sight line of 135 degrees and an embedded chip which automatically adjusts brightness in light or dark driving conditions. The ND-BC5 can be hooked up to any of our systems with a rear camera input. Its compact size allows for installation in virtually any location. To be used in conjunction with the AVIC-F30BT or AVIC-F930BT navigation systems. The AVIC-F320BT is not compatible.	1 755 949 -2
