TRANSPORTATION **REAR TRANSPORTATION**

	Uebler* Loading Ramp for Uebler rear bike carriers, collapsible For easy loading of bikes onto the carrier without the need for lifting, including transport bag	1 948 379 -2
	Uebler* Loading Ramp for Uebler rear bike carriers, rigid For easy loading of bikes onto the carrier without the need for lifting	1 948 378 -2
	Thule® Rear Bike Carrier Coach 274, for 2 bikes, tiltable and foldable The smallest and lightest carrier from Thule® is tiltable via a practical footpedal for easy access to the load compartment, even with mounted bikes. Features patented folding system to very compact storage size and will fit most boot spaces for stowing. Intelligent lightweight construction, extendable rails for bikes with wider wheelbase, anti-theft device and detachable bike frame holders for hassle-free bicycle loading. Adjustable coupling with one-hand operation function allows easy tow bar mounting. Bike arm suitable for bicycle frames with 22 mm – 80 mm diameter. Carrier is lockable to the tow bar and bikes are also lockable to the carrier. Max. 46 kg load capacity, max. 25 kg for each bike, approximately 14.2 kg weight, including 13 pin adapter. Size: 106 x 60 x 27 cm Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit. Take care when tilting the carrier with loaded bikes. Projecting parts such as the handle bar may touch the ground and could be damaged. Please take necessary safety precautions	2 353 442 -2
	Thule® Rear Bike Carrier Coach 276, for 3 bikes, tiltable and foldable The small and light carrier from Thule® is tiltable via a practical footpedal for easy access to the load compartment, even with mounted bikes. Features patented folding system to very compact storage size and will fit most boot spaces for stowing. Intelligent lightweight construction, extendable rails for bikes with wider wheelbase, anti-theft device and detachable bike frame holders for hassle-free bicycle loading. Adjustable coupling with one-hand operation function allows easy tow bar mounting. Bike arm suitable for bicycle frames with 22 mm – 80 mm diameter. Carrier is lockable to the tow bar and bikes are also lockable to the carrier. Max. 60 kg load capacity, max. 25 kg for each bike, approximately 19 kg weight, including 13 pin adapter. Size: 106 x 76 x 28 cm Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit. Take care when tilting the carrier with loaded bikes. Projecting parts such as the handle bar may touch the ground and could be damaged. Please take necessary safety precautions	2 353 444 -2

**Thule®* Rear Bike Carrier EuroClassic G6 929, for 3 bikes, tiltable**

1 862 482

Tow bar mounted bike carrier for 3 bikes, tilting mechanism enables easy access to the load compartment, includes optimized bike arm for user friendly fitting and protection of sensitive bike frames, e.g. carbon, bike arm suitable for bicycle frames up to a diameter of 22–80 mm, lockable, 60 kg load capacity, approximately 20.7 kg weight, including 13 pin adapter. Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit

-2

**Thule®* Rear Bike Carrier EuroRide 940, for 2 bikes, tiltable**

1 782 519

Tow bar mounted bike carrier for 2 bikes, tilting mechanism enables easy access to the load compartment, suitable for bicycle frames up to a diameter of 22–70 mm, lockable, 36 kg load capacity, approximately 14 kg weight, including 13 pin adapter. Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit

-2

**Uebler* Rear Bike Carrier F22, for 2 bikes**

2 007 528

Very small and lightweight tow bar mounted bike carrier for 2 bikes, bike arm suitable for bicycle frames up to a diameter of 75 mm round and 75 x 45 mm oval. Due to its patented folding system tail lights, bicycle holders and support frame can be easily and completely folded, carrier is lockable to the tow bar and bikes are also lockable to the carrier, 30 kg load capacity for each bike, also suitable for E-Bikes, approximately 12 kg weight, including 13 pin adapter. Size: 77 x 118 x 65 mm, size folded: 25 x 65 x 64 mm. Vertical load: 36 kg from D-Value 5.3 kN, 60 kg from D-Value 6.7 kN. Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit

-2

**Uebler* Rear Bike Carrier F22, for 2 bikes**

1 948 384

Very small and lightweight tow bar mounted bike carrier for 2 bikes, bike arm suitable for bicycle frames up to a diameter of 75 mm round and 75 x 45 mm oval. Due to its patented folding system tail lights, bicycle holders and support frame can be easily and completely folded, carrier is lockable to the tow bar and bikes are also lockable to the carrier, 30 kg load capacity for each bike, also suitable for E-Bikes, approximately 12 kg weight, including 13 pin adapter. Size: 77 x 118 x 65 mm, size folded: 25 x 65 x 64 mm. Vertical load: 36 kg from D-Value 5.3 kN, 60 kg from D-Value 6.7 kN. Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit

-2

**Uebler* Rear Bike Carrier F32, for 3 bikes**

2 007 529

Very small and lightweight tow bar mounted bike carrier for 3 bikes, bike arm suitable for bicycle frames up to a diameter of 75 mm round and 75 x 45 mm oval, adjustable buckles with long wheel straps for easy fastening of wheels. Due to its patented folding system tail lights, bicycle holders and support frame can be easily and completely folded, carrier is lockable to the tow bar and bikes are also lockable to the carrier, 30 kg load capacity for each bike, also suitable for E-Bikes, approximately 14 kg weight, including 13 pin adapter. Size: 77 x 118 x 79 mm, size folded: 25 x 65 x 74 mm. Vertical load: 54 kg from D-Value 6.7 kN. Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit

Uebler* Rear Bike Carrier I21, for 2 bikes, tiltable by 90° degrees

2 331 135

–2

Very comfortable tow bar mounted carrier with highly innovative features that makes the most out of your bike transportation needs. The smallest and lightest foldable rack that Uebler has ever developed includes a completely new, lever-free iQ fastener, which makes its handling even easier. And as it is also tiltable by 90° degrees, spacious load compartment access with mounted bicycles is nothing to worry about anymore. Being a multiple test winner, the Uebler i-series reliably stands for safety, product quality and loadability.

Features patented folding system to very compact storage size, intelligent lightweight construction, patented, lever-free iQ fastener, removable spacer with anti-theft device and detachable bike frame holders. Easy to fold down using foot lever, ideal for e-bikes, bike arm suitable for bicycle frames up to a diameter of 75 mm round and 75 x 45 mm oval. Carrier is lockable to the tow bar and bikes are also lockable to the carrier, max. 30 kg load capacity for each bike, approximately 13 kg weight, including 13 pin adapter. Size: 118 x 69 x 56 cm, size folded: 61 x 20 x 60 cm. Vertical load: 37 kg from 50 kg towbar load and D-Value 5.3 kN, 37 kg under a towbar load of 75 kg and D-value of 6.7 kN, 60 kg from 75 kg towbar load and D-value of 6.7 kN.

Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit. Take care when tilting the carrier with loaded bikes. Projecting parts such as the handle bar may touch the ground and could be damaged. Please take necessary safety precautions

Uebler* Rear Bike Carrier X31-S, for 3 bikes, tiltable

1 948 383

Very small and lightweight tow bar mounted bike carrier for 3 bikes, smart foot pedal tilt for easy trunk access even with bikes loaded enabling easy access to the load compartment, bike arm suitable for bicycle frames up to a diameter of 75 mm round and 75 x 45 mm oval. Due to its patented folding system tail lights, bicycle holders and support frame can be easily and completely folded, carrier is lockable to the tow bar and bikes are also lockable to the carrier, 30 kg load capacity for each bike, also suitable for E-Bikes, approximately 15.5 kg weight, including 13 pin adapter. Size: 77 x 119 x 79 mm, size folded: 24 x 63 x 79 mm. Vertical load: 54 kg from D-Value 6.7 kN. Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit

TRANSPORTATION **LOAD COMPARTMENT** ACCESSORIES

4pets®* Dog Crate Pro 1 small

2 423 305

Robust and safe transportation solution made from high-quality aluminium for smaller sized breeds such as Cocker Spaniel, Dachshund, Terrier or Beagle with a max. weight of 17 kg. Specially developed aluminum bars provide maximum stabilization and are also anodized for an effective corrosion resistance. All plastic connectors are fiberglass-reinforced and therefore extremely rugged. Due to the quality precision engineering, the crates do not rattle or make any disturbing noise while travelling. A twist-lock is fitted as standard and immediately and securely snaps into place. The long locking bar provides additional stability and torsion resistance. The door can be operated with one hand, leaving one hand free to hold the dog in place. The crate is secured with tie-down straps to the factory fitted anchor points in the luggage compartment. Main features: solid aluminum die-cast lock case, coated and scratch-resistant hardwood flooring, urine-resistant plastic tubing, crash-tested door lock system with 2 keys, impact protection system and special crash-tested rear panel. Leak-proof, elevated side walls keep the luggage compartment free from dirt and excretions. Optimum air flow guarantees the pet's well-being during transport. Including a removable floor mat, 2 sturdy straps with a tensile force of 350 kg/770 lbs each and additional Velcro strips for fixing at the bottom of the box to ensure that it does not slip inside the luggage compartment. Completely maintenance-free thanks to hinges made of a self-lubricating plastic-graphite alloy. Easy and convenient in everyday use and allows a clear view of the road through the rear mirror. Box weight: 13.6 kg, max. dog load: 17 kg – Wagon

—2

4pets®* Dog Crate Pro 3 medium

2 423 307

Robust and safe transportation solution made from high-quality aluminium for medium-sized to larger breeds such as Retriever, Labrador or German Shepherd with a max. weight of 40 kg. Specially developed aluminum bars provide maximum stabilization and are also anodized for an effective corrosion resistance. All plastic connectors are fiberglass-reinforced and therefore extremely rugged. Due to the quality precision engineering, the crates do not rattle or make any disturbing noise while travelling. A twist-lock is fitted as standard and immediately and securely snaps into place. The long locking bar provides additional stability and torsion resistance. The door can be operated with one hand, leaving one hand free to hold the dog in place. The crate is secured with tie-down straps to the factory fitted anchor points in the luggage compartment. 4pets®* Dog Crate Pro 4 large

2 423 309

–2

Robust and safe transportation solution made from high-quality aluminium for large dogs such as Bernese Mountain Dog, Hovawart, Rottweiler or Irish Setter with a max. weight of 50 kg. Specially developed aluminum bars provide maximum stabilization and are also anodized for an effective corrosion resistance. All plastic connectors are fiberglass-reinforced and therefore extremely rugged. Due to the quality precision engineering, the crates do not rattle or make any disturbing noise while travelling. A twist-lock is fitted as standard and immediately and securely snaps into place. The long locking bar provides additional stability and torsion resistance. The door can be operated with one hand, leaving one hand free to hold the dog in place. The crate is secured with tie-down straps to the factory fitted anchor points in the luggage compartment. Box weight: 23.2 kg, max. dog load: 50 kg – Wagon

4pets®* Dog Ramp EasySteps

2 423 311

–2

Very light, compact and robust telescopic ramp allowing your dog a joint-friendly luggage compartment entry and exit. Enables you to protect not only your dog's health, but also your own back as you no longer have to strain to lift your dog in and out. Features a high-tech honeycomb structure borrowed from bridge-building technology that supports high loads. Provides non-slip bone-motif pads and a high-grip, ridged surface for safe footing of your dog in any climate conditions. Due to its 3-fold telescope design, the ramp slides together to a compact size small enough to fit into the luggage compartment of your vehicle along with the dog crate. Can also be easily and securely operated with one hand only, so the other hand remains free to hold your dog. Its unique, integrated Slide Brake Control System adds even more safety in preventing the ramp from collapsing accidentally. Made from high-quality, weatherproof and extremely durable materials. Easy to clean with a pressure washer or garden hose. Max. load: 100 kg, max circulation height: 820 mm – Wagon

Load Compartment Divider for Load Retention Guard

1 723 910

**K&K* Ground Mat for marten repellent devices**

2 033 205

Self-adhesive mat that enlarges the electrical conducting surface on plastic parts in the engine compartment, e.g. the engine ground plate. Suitable for M2700, M4700, M4700B and M5700N marten repellent devices

-2

**K&K* Marten Repellent M2700, with ultrasound protection**

2 033 207

Radiates strong ultrasonic waves in a 360° radius. Can be fitted in the lower part of the engine compartment for higher effectiveness due to its water resistant IP65 protection standard. Current drain of approx. 2 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 110 dB by a frequency of 22 KHz, range of 6 m/360° radius, 100 % waterproof speaker chassis

-2

**K&K* Marten Repellent M4700, combination device**

2 033 208

Combines electric shock functionality with radiation of ultrasonic waves. Includes 6 stainless steel high voltage contact plates to be fitted flexibly around the engine compartment. Current drain of max. 7 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 115 dB by a frequency of 22.5 KHz, angle of radiation 360°, 100 % waterproof speaker chassis, components meet IP65 protection standard. Please note: electric shocks are just as high to chase the martens away. They do not further harm!

-2

**K&K* Marten Repellent M4700B, combination device**

2 046 845

Combines electric shock functionality with radiation of ultrasonic waves. Includes 6 multi-contact high voltage brushes to be fitted flexibly around the engine compartment. Brushes sweep through fur, paws and snout which highly increases the effective impact surface. Current drain of max. 5.5 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 105 dB by a frequency of 22.5 KHz, angle of radiation 360°, 100 % waterproof speaker chassis, components meet IP65 protection standard. Including safety bonnet switch. Suitable for greater engine compartments. Please note: electric shocks are just as high to chase the animals away. They do not further harm!

-2

**K&K* Marten Repellent M5700N, combination device**

2 033 209

High end solution providing effective repelling in 3 different ways. Combines electric shock functionality, radiation of ultrasonic waves and flashing light emitting diodes. Includes 6 waterproof capsuled satellite speakers with metal membranes. Speakers radiate strong pulsating pure ultrasonic waves in a 180° angle and are charged with high voltage of approx. 200 – 300 V whilst additionally emitting flashing light – all at the same time. Current drain of max. 10 mA, sound pressure of 105 dB by a frequency of 22 KHz, 100 % waterproof speaker chassis, components meet IP65 protection standard. Please note: electric shocks are just as high to chase the animals away. They do not further harm!

-2

**K&K* Marten Repellent M8700, with ultrasound protection, battery operated**

2 033 210

Radiates strong ultrasonic waves. Works independently from a vehicle battery and can be used to protect, e.g. cars or motor homes with disabled battery supply. Also suitable for attics or any outside spaces to keep animals away from your property. Current drain of approx. 0.33 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 105 dB by a frequency of 23 KHz, range of 6 m/180° angle of radiation, 100 % waterproof speaker chassis. Components meet IP65 protection standard

-2

**K&K* Overvoltage Protection**

2 033 206

Permanently monitors the voltage of the on-board electronic system and effectively prevents high peaks that might lead to system failures such as ABS, airbag and all kinds of electronic devices in your vehicle. It also protects against greater wear of light bulbs as well as damage resulting from jump start operations

SAFETY ANTITHEFT DEVICES

Metasystem* Alarm System

1 756 957

–1

TVL* Anti-Scan Wallet

WA-31981

- Key Why Buys:
- Prevents keyless vehicles to be scanned
 - Prevents programming of new keys for vehicle theft
 - Tessa approved
 - Twin Pack (master and spare key)

–2

TVL* Anti-Scan Wallet

WA-31982

- Key Why Buys:
- Prevents keyless vehicles to be scanned
 - Prevents programming of new keys for vehicle theft
 - Tessa approved
 - Twin Pack (master and spare key)

–2

Anti-Theft Device

CARMBIS.140FD

–1

TVL* Electronic OBD Port Immobiliser

IMMO31700

- Key Why Buys:
- Helps to prevent unauthorised use of OBD port.
 - Prevents programming of new keys for vehicle theft
 - Prevents alteration of performance characteristics / emissions
 - Prevents removal of electronic speed limiter
 - Override code (unique to each unit) can be used to enable the OBD port in the case of lost keys or wallet card and to allow roadside assistance
 - from 2011 to 2018

–2

DanTracker* GPS Tracking Device Safety Guard GPS IA

2 178 820

Uses the Global Positioning System (GPS) to monitor the location of your vehicle and enables it to be found when lost or stolen. Its slim design makes it easy to hide and the long lasting built-in battery operates independently from the vehicle's power supply. Vehicle tracking and individual settings can be managed worldwide via smartphone app or website. Shockproof and waterproof, up to 10 years battery life, SIM card included, free smartphone app available, in live mode transmits its position every 5 minutes while it is in motion. Setting up a geofence also possible in different ranges around the vehicle (300, 500 or 1000 m). An individual notification will be sent when the vehicle is moving out of the set geofence area. Easy installation. Please note: requires user account and fee-based subscription with DanTracker. DanTracker terms and conditions apply

Garmin®* Dashboard Camera Dash Cam 20

0100131110

Enregistreur de conduite vidéo HD avec écran LCD 2,3 pouces et fonction GPS; Enregistreur de mouvements et des images fixes; Avertissement des zones de dangers et indication de la limitation de vitesse; Indique la date et le lieu précis de chaque séquence; Inclut un microphone intégré qui enregistre les sons à l'intérieur de votre véhicule; Capteur de détection d'incident (accéléromètre) qui enregistre automatiquement les collisions et accidents en vidéo

–2

Garmin®* Dashboard Camera DashCam 65W

2 340 160

Compact, discreet GPS-enabled camera with 2.0 LCD display and an extra-wide viewing angle to be mounted on the windscreen. Continually records and automatically saves footage, if an incident occurs. Starts recording automatically when plugged in to a power source. Features extra-wide 180-degree field of view, 2.1 MP camera with full HD 1080p video capture (1920 x 1080 resolution), integrated G-sensor allows automatic incident detection to save video footage of incidents on impact. GPS records location, direction, speed, date and time to show exactly where and when incidents occurred, plus built-in Wi-Fi for wireless video synchronisation. Voice command function enables you to start/stop audio recording, take a still picture or start/stop the Travelapse™ video capture feature (condenses hours of driving into minutes of highlights). Captures excellent video details in bright and low-light conditions. Records your drive in 1080p in a continuous loop, using the included, replaceable 8 GB microSD™ card. For more memory, add a larger card of up to 64 GB (class 10 required). Playback the footage right on the display, review later on your computer or use the free VIRB® App on your smartphone. Includes driver awareness functions of forward collision warning and lane departure warning. Built-in red light and speed camera data alerts you when red light cameras or speed cameras are close and when your vehicle is stopped, e.g. at a junction or in traffic, the "Go" alert notifies you when traffic ahead of your vehicle is moving again. Parking mode monitors your vehicle's surroundings while your car is parked and the engine is not running. Automatically begins recording, if and when motion is detected (requires Garmin® parking mode cable). Dimensions: 4 cm x 5.6 cm x 3.1 cm, weight: 60 grams. Operates in the range of -20° C to +55°C. Built-in battery. Kit also includes magnetic mount, power cable for cigarette lighter, USB cable, 8 GB microSD™ card and user manual. Please note: Garmin® terms and conditions and operating restrictions for driver awareness functions apply. Please refer to the Garmin® website for further information

–2

Highly adjustable four-axis system ensures optimum positioning of the add-on device in the holder arm. Fits seamlessly anywhere into the interior of your Ford due to its modern design, high-quality materials and multiple positioning options. The mounting option via adhesive tape makes the system interchangeable and can be removed without leaving residues. Permanent fitting via screws is also possible. USB to Lightning adapter for charging iPhones® (from iPhone® 5 onwards) and Micro USB for all other devices are separately available as accessory.

Max. phone dimensions: height: universal, width: 60 mm – 90 mm, depth: 6 mm – 10 mm. Operating voltage: 10V – 16V, max. current consumption: 2A. Inductive Charging performance: 5W, charging voltage via USB: 5V, charging current via USB: 3A. Operating temperature range: -20°C to +70°C. Approvals: CE, BIN/RECYCLING and RoHS

Complete pre-assembled and pre-adjusted kit. Enables continuous lowering of up to 30 mm. Features high corrosion resistant stainless steel strut housings, polyamide coated adjusting mechanisms and spring ends, dirt resistant trapezoid thread and durable composite height adjuster collar, manually adjustable rebound damping with 16 clicks, manually adjustable compression damping with 12 clicks, independent from each other working damping force adjustment – 5-door, except ST and vehicles with 2 l Diesel engine

Performance Aluminium Strut Tower Brace Kit

2 289 576

-1

High-gloss polished strut tower brace in an ellipsoidal shape with centred laser engraved Ford Performance logo and precisely adjustable steel strut tower linkages painted in black. Fabricated from a high strength tubular aluminium core, manually bent and with manually welded linkages. Supplied with premium stainless steel bolts, nuts and spacers. Length: 1271.5 mm, cross section: 40.94 mm x 16.11 mm. Logo size: 92 x 30 mm. Self-weight: 1.4 kg. Kit includes fitting material and installation manual. 4 original Ford strut tower nuts are additionally required for the installation. These must be ordered separately (please ask your FORD dealer for further information). Please note: installation requires advanced technical knowledge. Expert fitment is strongly recommended!

Performance Carbon Strut Tower Brace Kit fabricated high strength tubular carbon

2 289 578

-2

High-gloss polished strut tower brace in an ellipsoidal shape surrounded by a carbon design trim. Features a centred red Ford Performance logo and precisely adjustable steel strut tower linkages painted in black. Carbon trim finished with a protective and durable clear varnish. Fabricated from a high strength tubular aluminium core, manually bent and with manually welded linkages. Supplied with premium stainless steel bolts, nuts and spacers. Length: 1271.5 mm, cross section: 42.94 mm x 18.11 mm. Logo size: 92 x 30 mm. Self-weight: 1.575 kg. Kit includes fitting material and installation manual. 4 original Ford strut tower nuts are additionally required for the installation. These must be ordered separately (please ask your FORD dealer for further information). Please note: installation requires advanced technical knowledge. Expert fitment is strongly recommended!

FORD PERFORMANCE PARTS **DRIVELINE** **PERFORMANCE**

Performance Limited-Slip Differential for front axle

2 203 978

Further improves the performance of your Ford Focus RS. Enables you to more easily carry speed through a corner on the track and allows for maximum acceleration on the way out. The limited-slip differential limits engine torque delivered to a particular front wheel that has reduced traction on the road surface, redistributing torque to the wheel with more traction to reduce differences in wheel spin that can hamper acceleration and stability. ABS traction control will engage less in slippery conditions giving you better control as well as less wear and tear on brake system components – RS

↱

Performance Shift Knob with blue Ford RS logo

2 291 196

Black carbon fiber shift knob with white 6-speed gear shift pattern

↱

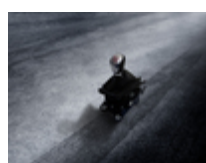

Performance Shift Knob with red Ford ST logo

2 215 799

Gloss black spherical carbon fiber shift knob with white 6-speed gear shift pattern – ST, 6-speed manual transmission

↱

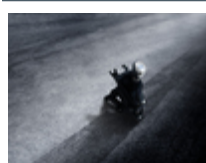

Performance Shifter Kit

2 215 805

Reduces throw by approx. 18 % over the originally equipped shifter. Please note: requires the original shift boot to be installed onto the short throw shifter assembly from model year 2015 onwards – ST. 6-speed manual transmission

↱

Performance Shifter Kit

2 215 811

Reduces throw by approx. 10 % over the originally equipped shifter – RS

↱

**mountune®* Charge Pipe Kit Black**

2363-CPK-BLK

The mountune charge pipe upgrade kit for mk3 Focus ST features an improved airflow compared to the OE system. mountune's engineers have optimized the charge air ducting and lower hot side charge pipe to reduce the pressure drop from a power robbing 8.4kPa to an impressive 6kPa. The mountune charge pipe upgrade kit is easy to install and complements the performance of the mountune alloy intercooler upgrade for the mk3 Focus ST. This kit is also compatible with the OE intercooler and systems that use the original intercooler charge pipes. Features: Includes high flow stainless steel lower intercooler hard pipe, Stainless steel wire reinforced, Nomex lined silicone boost hoses by SamcoSport, Hoses available in three colour options: mountune black and yellow, blue or red. – ST model only, 2015-2018

-1

**mountune®* Charge Pipe Kit Black**

2536-CPK-BLK

Includes high flow mandrel bent stainless steel lower intercooler hard pipem, Easy installation (no drilling), Stainless steel wire reinforced, Nomex lined silicone boost hoses, Hoses available in three colour options: mountune black and yellow, light blue, or grey – RS model only, from 2016 onwards

-1

**mountune®* Charge Pipe Kit Blue**

2363-CPK-BLU

The mountune charge pipe upgrade kit for mk3 Focus ST features an improved airflow compared to the OE system. mountune's engineers have optimized the charge air ducting and lower hot side charge pipe to reduce the pressure drop from a power robbing 8.4kPa to an impressive 6kPa. The mountune charge pipe upgrade kit is easy to install and complements the performance of the mountune alloy intercooler upgrade for the mk3 Focus ST. mountune®* Induction Kit

2363-CAIS-AA

mountune Performance's mk3 Focus ST induction kit consists of a cast aluminium low-loss crossover duct, available in a painted satin black finish (with a detailed fins and logo). Also included are a mountune/SamcoSport silicone coupling hose, two high quality stainless steel clamps, and supplied either with mountune high flow air filter. Cast aluminum crossover duct, mountune/SamcoSport silicone coupling hose with high quality clamps, Easy installation which requires only simple hand tools. – ST model only, 2015-2018

-1

mountune®* Induction Kit

2536-CAIS-AA

mountune's mk3 Focus RS induction kit consists of a cast aluminium low-loss crossover duct, available in a satin black finish (with detailed fins and logo). Also included is a mountune high-flow silicone induction hose, coupling hose, high quality stainless steel clamps, and can be supplied either with or without a mountune high flow dual-entry air filter

Features: Improvement in airflow over OE intake, Low-loss cast aluminum crossover duct, Silicone high-flow induction hose with clamps, Silicone coupling hose with clamps, High-flow dual-entry air filter, Easy installation requiring only simple hand tools. – RS model only, from 2016 onwards

-1

mountune®* Intercooler with no logo

2363-IC-CA

The mountune alloy intercooler upgrade includes everything you need to optimise the performance of your mk3 Focus ST and is the foundation for further power upgrades. Using a 14-row extruded lightweight tube and fin alloy core with cast alloy end tanks for improved flow characteristics, the mountune alloy intercooler upgrade gives a substantial reduction in air charge temperature (ACT) with minimal pressure drop, ensuring optimum charge air temperature and therefore power. Features: Superior tube and fin construction, Cast end tanks for purposeful airflow management, No drilling or modification required for installation, Powder-coat finish in satin black - with optional mountune logo, High quality brackets and hardware included. – ST model only, 2015-2018

-1

**Ford Performance by mountune®* Performance Package FPM375**

FPM375

The Ford Performance by mountune®* package for the Ford Focus RS consists of a new cast low-loss crossover duct, silicone hoses and dual-entry air filter, uprated turbo re-circulating valve and engine calibration. The above increases power from 350PS to 375PS and torque from 470Nm to 510Nm.

Price excludes fitting – RS model only, from 2016 onwards

-1

**mountune®* Performance Package MP275**

MP275

Once upgraded power increases to 275PS at 5500rpm and torque is raised to 400Nm at 2,750rpm. Performance returns of 0-60mph in 5.7 seconds. This upgrade can be fitted to any model year of Focus ST, new or used. The MP275 package consists of: Large-capacity alloy intercooler (available powder coated Silver or Black - with optional logo), Low-loss cast crossover duct with Samco silicone hose (available silver or powder coated black), Exclusive upgraded air filter with removal end plug, Revised mountune®* engine calibration. Price excludes fitting. – For ST

**mountune®* Quaipe ATB differential***

2536-ATB-AA

Unlike a conventional plate-style limited slip differential, the Quaife differential relies on gears rather than clutch plates for its operation. That means it is much smoother in operation and never locks harshly with a set pre-load of wheel slip across the driven axle. Instead, the Quaife differential automatically biases the torque away from the spinning wheel, across the axle to a constantly varying degree. Benefits over a standard open differential: Improves turn-in, Maximise traction, Minimise wheel spin. – RS model only, from 2016 onwards

-1

**mountune®* Re-circulation Valve**

2536-TRV-AA

The mountune uprated turbo re-circulating valve (TRV) is a direct replacement for the OE component. Machined from solid aluminium with a piston-type design (compared to the OE diaphragm) the more robust design and material are suitable for vehicles in advanced state of tune. Features: Mounts directly on OE turbocharger, Suitable for vehicles running increased boost pressure, Higher operating temperature, Piston type design, Hard anodised for durability. – RS model only, from 2016 onwards

-1

**mountune®* Sound Suppression Chamber Black**

2536-SSC-BLK

The mountune Sound Suppression Chamber (SSC) replaces the OE resonator found on the OE turbocharger and can be installed in an hour (with appropriate access to the turbocharger). Despite its simple appearance, the SSC's dimensions, materials used and internal configuration all play a crucial part in cancelling out this unwanted NVH / 'whistle'. Features: Cancels out 'whistle' / unwanted NVH apparent on some vehicles – RS model only, from 2016 onwards

-1

**mountune®* Sound Suppression Chamber Grey**

2536-SSC-GRY

The mountune Sound Suppression Chamber (SSC) replaces the OE resonator found on the OE turbocharger and can be installed in an hour (with appropriate access to the turbocharger). Despite its simple appearance, the SSC's dimensions, materials used and internal configuration all play a crucial part in cancelling out this unwanted NVH / 'whistle'. Features: Cancels out 'whistle' / unwanted NVH apparent on some vehicles – RS model only, from 2016 onwards

-1

**mountune®* Sound Suppression Chamber Light Blue**

2536-SSC-LBLU

The mountune Sound Suppression Chamber (SSC) replaces the OE resonator found on the OE turbocharger and can be installed in an hour (with appropriate access to the turbocharger). Despite its simple appearance, the SSC's dimensions, materials used and internal configuration all play a crucial part in cancelling out this unwanted NVH / 'whistle'. Features: Cancels out 'whistle' / unwanted NVH apparent on some vehicles – RS model only, from 2016 onwards

-1

**REMUS* Sports Exhaust System stainless steel, with chromed twin tail pipes**

2 237 326
