Thule® Roof Box FORCE XT S, matte black

2 430 262

Increase the storage capacity of your Ford with a range of high quality roof boxes. The sleek and aerodynamic designs ensure stability as well as stylish looks, whilst the user-friendly fixations, locks and opening mechanisms give you the ultimate in protection and convenience.

Dimensions (external/internal): 139 cm x 89.5 cm x 39 cm/127 cm x 78 cm x 34 cm, volume: 300 l, height off roof rack: approx. 39 cm, weight: approx.14.3 kg, maximum load capacity: 75 kg. With central locking. Main features: easy to mount thanks to the PowerClick quick-mount system. The integrated torque indicator clicks when it's properly mounted, ensuring fast and secure fitting. Comfortable to open and close thanks to the LockKnob that also helps to prevent damage to the Thule® Comfort Key. DualSide opening provides easy access to all areas of the box, from either side of the vehicle. Please note that depending on the vehicle model the roof boxes can overhang and result in the roof box touching the tailgate when opened

Roof Cross Bars for vehicles with factory fitted roof rails

2 372 370

Cross bars enhance your load carrying capability to accommodate your individual transportation needs.

Aluminium, lockable, self-weight 4.8 kg, maximum load capacity of 50 kg

Thule® Roof Kayak Carrier DockGrip 895

2 527 029

This smart solution allows you to transport all the equipment that you need for exploring the coast, rivers or canals. The carrier adapts perfectly to the shape of the kayak. Large pads protect the hull, and four adjustable rubber supports together with powerful straps keep the kayak firmly secured during transport.

Single kayak is positioned on 4 pivoting protective seats that slide into the T-slot on the roof bars and adjust to the profile of your kayak base. Secured with 2 x 400 cm powerful adjustable load straps.

- Protects the kayak hull with 4 large cushioned flexible pads
- 2 x pivoting seats have an angle setting lever
- Can carry a wide variety of hull shapes
- Also suitable for stand up paddleboards
- Accommodates kayaks and paddleboards up to 90 cm wide
- Includes T-track attachments for roof bars
- Load straps have car protective buckle bumpers
- Maximum load weight: 40 kg
- Weight: 3.1 kg

* Warranty covered by third party supplier.

Thule®* Rear Bike Carrier Coach 274, for 2 bikes, tiltable and foldable

2 353 442

The available range of high-quality bicycle carriers for tow bars allow you to take your bikes with you in a convenient manner.

The smallest and lightest carrier from Thule® is tiltable via a practical footpedal for easy access to the load compartment, even with mounted bikes.

Features patented folding system to very compact storage size and will fit most boot spaces for stowing. Intelligent lightweight construction, extendable rails for bikes with wider wheelbase, anti-theft device and detachable bike frame holders for hassle-free bicycle loading. Adjustable coupling with one-hand operation function allows easy tow bar mounting. Bike arm suitable for bicycle frames with 22 mm – 80 mm diameter. Carrier is lockable to the tow bar and bikes are also lockable to the carrier. Max. 46 kg load capacity, max. 25 kg for each bike, approximately 14.2 kg weight, including 13 pin adapter. Size: 106 x 60 x 27 cm

Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit. Take care when tilting the carrier with loaded bikes. Projecting parts such as the handle bar may touch the ground and could be damaged. Please take necessary safety precautions

Thule®* Rear Bike Carrier EuroRide 940, for 2 bikes, tiltable

1 782 519

The available range of high-quality bicycle carriers for tow bars allow you to take your bikes with you in a convenient manner.

Tow bar mounted bike carrier for 2 bikes, tilting mechanism enables easy access to the load compartment, suitable for bicycle frames up to a diameter of 22–70 mm, lockable, 36 kg load capacity, approximately 14 kg weight, including 13 pin adapter. Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit

Uebler* Rear Bike Carrier F14, for 1 bike

2 474 454

The available range of high-quality bicycle carriers for tow bars allow you to take your bikes with you in a convenient manner.

Very small and lightweight tow bar mounted bike carrier for 1 bike, bike arm suitable for bicycle frames up to a diameter of 75 mm round and 75 x 45 mm oval. Due to its patented folding system tail lights, bicycle holders and support frame can be easily and completely folded, carrier is lockable to the tow bar and bikes are also lockable to the carrier, 30 kg load capacity, also suitable for an E-Bike, 9.9 kg weight, including 13 pin adapter. Size: 1180 x 570 x 380 mm, size folded: 610 x 200 x 500 mm. Maximum vertical load 30 kg from 75 kg tow bar load and a D-Value 6.7 kN, 33 kg under a tow bar load of 75 kg and a D-Value of 5.3 kN, 30 kg from 50 kg tow bar load and a D-Value of 5.3 kN. Max. bicycle wheel hub distance: 1300 mm. Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit.

TRANSPORTATION **LOAD COMPARTMENT ACCESSORIES**

RRP

Box-In-Box Kit for placement inside the Ford Puma MegaBox or as a stand-alone transport solution for all other vehicles, black

2 469 549

On those trips to the supermarket or even picnics out, easily carry your items in the box-in-box kit. Use the transport box for whatever need: shopping, picnic utensils or just keeping your load compartment area tidy. Store your shopping or food requiring to be maintained cool and fresh in the keep-cool box during transport in the vehicle.

Taylor made 2-piece mobile box set for neat integration into the Ford Puma MegaBox. Can also be used as a stand-alone transport solution in other models. Set consists of an insulated cool & warm box and a transport box with a removable partition in its center. Both boxes are equipped with handles for comfortable carrying and magnets in various places for keeping the loose parts such as the handles or the cool & warm box lid out of the way when not in mobile use

- Cool & warm box:
 - angular box with robust finishing, circumferential 2-way zipper around 3 sides and a slight interior padding
 - 2 strong handles with grip section on peripheral strips plus small grip strap for lid opening
 - equipped with magnets in lid and handles for fixation when not in mobile use
 - 4 feet on the bottom (pyramidal shape)
 - printing in 2 colours and Ford logo
 - materials: outside black polyester, inside silver aluminium fabric
 - dimensions (length, width, depth): 56 cm x 30 cm x 26 cm
- Transport box:
 - angular box with robust finishing and a slight interior padding
 - 2 strong handles with grip section on peripheral strips
 - equipped with magnets in interior walls and handles for fixation when not in mobile use
 - removable partition
 - features a wide fleece tape in the box interior
 - 4 feet on the bottom (pyramidal shape)
 - with Ford logo
 - materials: outside black polyester, inside tarpaulin fabric
 - dimensions (length, width, depth): 51 cm x 22 cm x 26 cm

For placement inside the load compartment MegaBox

Load Compartment Mat black, with Puma logo

2 395 437

Load compartment mats and boot liners are increasingly becoming a 'must have' accessory for Ford drivers with an active life. Whether it's your wellies, child's buggy or set of golf clubs, you won't have to think twice about popping your muddy gear in your boot again.

Reversible mat for effective load floor protection. Features fold-out bumper protection and complete rear seat cover

Load Compartment Tray

2 438 719

Load compartment trays are tailor-made to fit your Ford perfectly and the interior trim well protected. Made for heavy duty use, they keep the luggage compartment clean and dry with their raised edges.

With Puma logo, rear and side 50 mm high

Rear Bumper Load Protection foil, transparent

2 459 998

Protect your rear bumper against daily wear and tear without compromising the look of your vehicle.

Very thin yet highly durable elastic foil that effectively protects your vehicle's rear bumper and bumper edge from getting scratched when loading and unloading. Ensures a smooth and almost invisible blend into the vehicle's rear end design due to its model specific perfect fit shape, high grade transparency and very low thickness. Offers long-term durability without developing a yellowing effect. Also folds over the bumper edge for enhanced protection. Foil can be removed residue-free without impact on the body paint. Thickness: approx. 150.0 µm, temperature resistance: -40 °C to +110 °C. Self-adhesive for quick and easy fitment – Low Trend, Core High Trend, Titanium and Titanium X

Door Sills Protection Foil rear, transparent

2 460 175

No compromise needed to protect your asset with these made to measure Door Sill Protection Foils.

Very thin yet highly durable elastic foil that effectively protects your vehicle's door sills from getting scratched. Ensures a smooth and almost invisible blend into the vehicle's door sill design thanks to its model specific perfect fit shape, high grade transparency and very low thickness. Foil can be removed residue-free without impact on the body paint. Thickness: approx. 150.0 µm, temperature resistance: -40 °C to +110 °C. Self-adhesive for quick and easy fitment – Low Trend, Core High Trend, Titanium and Titanium X

Ford micronAir® proTect Cabin Air Filter

2 495 322

Provides multiple protection by significantly reducing the concentration of viral aerosols. The fine particle filtration layers in the Ford micronAir® proTect cabin air filters provide decisive protection against virus transmission.

Filter service: Especially under current conditions, the cabin air filter should be changed more frequently than usual to maintain optimum protection.

Package includes only the single cabin filter.

- The first two layers thus capture the majority of ultra-fine viral aerosols.
- The optional third layer is responsible for adsorption of harmful gases.
- The fourth bio-functional layer then effectively deactivates any remaining viral aerosols and prevents them from being released back into the cabin air.

K&K* Ground Mat for marten repellent devices

2 033 205

Makes your K&K marten repellent system more effective in a simple, but clever way – the original accessory ground mat.

Self-adhesive mat that enlarges the electrical conducting surface on plastic parts in the engine compartment, e.g. the engine ground plate. Suitable for M2700, M4700, M4700B and M5700N marten repellent devices

K&K* Marten Repellent M2700, with ultrasound protection

2 033 207

If you want to effectively ward off animals like martens from your engine compartment and avoid cost intensive repairs, the robust K&K repellent systems feature just the state-of-the art technology you need.

Radiates strong ultrasonic waves in a 360° radius. Can be fitted in the lower part of the engine compartment for higher effectiveness due to its water resistant IP65 protection standard. Current drain of approx. 2 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 110 dB by a frequency of 22 KHz, range of 6 m/360° radius, 100 % waterproof speaker chassis

K&K* Marten Repellent M4700, combination device

2 033 208

If you want to effectively ward off animals like martens from your engine compartment and avoid cost intensive repairs, the robust K&K repellent systems feature just the state-of-the art technology you need.

Combines electric shock functionality with radiation of ultrasonic waves. Includes 6 stainless steel high voltage contact plates to be fitted flexibly around the engine compartment. Current drain of max. 7 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 115 dB by a frequency of 22.5 KHz, angle of radiation 360°, 100 % waterproof speaker chassis, components meet IP65 protection standard.

Please note: electric shocks are just as high to chase the martens away. They do not further harm!

* Warranty covered by third party supplier.

1. Recommended Retail Price including VAT.

2. Recommended Retail Price including VAT. Please ask your Ford dealer for additional fitting charges. Please note that supplementary parts may also be required. Price is per alloy and excludes tyre and fitting parts.

K&K* Marten Repellent M4700B, combination device

2 046 845

If you want to effectively ward off animals like martens from your engine compartment and avoid cost intensive repairs, the robust K&K repellent systems feature just the state-of-the art technology you need.

Combines electric shock functionality with radiation of ultrasonic waves. Includes 6 multi-contact high voltage brushes to be fitted flexibly around the engine compartment.

Brushes sweep through fur, paws and snout which highly increases the effective impact surface. Current drain of max. 5.5 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 105 dB by a frequency of 22.5 KHz, angle of radiation 360°, 100 % waterproof speaker chassis, components meet IP65 protection standard. Including safety bonnet switch. Suitable for greater engine compartments. Please note: electric shocks are just as high to chase the animals away. They do not further harm!

K&K* Marten Repellent M5700N, combination device

2 033 209

If you want to effectively ward off animals like martens from your engine compartment and avoid cost intensive repairs, the robust K&K repellent systems feature just the state-of-the art technology you need.

High end solution providing effective repelling in 3 different ways. Combines electric shock functionality, radiation of ultrasonic waves and flashing light emitting diodes. Includes 6 waterproof capsuled satellite speakers with metal membranes. Speakers radiate strong pulsating pure ultrasonic waves in a 180° angle and are charged with high voltage of approx. 200 – 300 V whilst additionally emitting flashing light – all at the same time. Current drain of max. 10 mA, sound pressure of 105 dB by a frequency of 22 KHz, 100 % waterproof speaker chassis, components meet IP65 protection standard. Please note: electric shocks are just as high to chase the animals away. They do not further harm!

K&K* Marten Repellent M8700, with ultrasound protection, battery operated

2 033 210

If you want to effectively ward off animals like martens from your engine compartment and avoid cost intensive repairs, the robust K&K repellent systems feature just the state-of-the art technology you need.

Radiates strong ultrasonic waves. Works independently from a vehicle battery and can be used to protect, e.g. cars or motor homes with disabled battery supply. Also suitable for attics or any outside spaces to keep animals away from your property. Current drain of approx. 0.33 mA, radiates pulsating pure ultrasound without habituation effect, sound pressure of 105 dB by a frequency of 23 KHz, range of 6 m/180° angle of radiation, 100 % waterproof speaker chassis. Components meet IP65 protection standard

* Warranty covered by third party supplier.

K&K* Marten Repellent M9300, with electric shock protection

2 540 999

If you want to effectively ward off animals like martens from your engine compartment and avoid cost intensive repairs, the robust K&K repellent systems feature just the state-of-the-art technology you need.

Electric shock functionality with 6 multi-contact high voltage brushes to be fitted around the engine compartment. Brushes sweep through fur, paws and snout which increases the effective impact surface. Bonnet safety switch available separately. Please note: electric shocks are just high enough to chase the animals away without causing harm !

- Specially designed to include hybrid and electric vehicles
- Powered by autonomous battery device to allow protection to be maintained independent of the vehicle's car battery
- Requires 4 x AA batteries 1.5 V (not included)
- Operating current: 0.2mA 6 V
- Device on / off switch
- 2 x LED function displays: high voltage and battery status
- LED low battery indicator gives advance warning if the AA batteries are running low
- Operating temperature range: -25°C to +80°C
- Ideal for motorhomes, classic cars and other vehicles that are not moved very often
- Acid proof: the device is resistant to acids (batteries or cleaning agents)
- Self-extinguishing plastic used to meet automotive industry safety standards
- Waterproof 2.0: fully sealed electronics that exceed the IP65 protection standard
- e1 mark: confirms that the device has been tested by the Federal Motor Transport Authority (KBA)

* Warranty covered by third party supplier.

K&K* Safety Bonnet Switch for M2700, M4700, M5700N and M9300 marten repellent devices

2 033 204

The practical safety switch for your K&K marten repellent system wipes away any concerns about electric voltage – just open the bonnet and securely start working immediately.

Conventional bonnet switches shut off the devices, but due to the loaded charging condenser the electric contact plates are still current-carrying for a short period of time. The safety bonnet switch instantly discharges the plates for secure access to the engine compartment

Motion Sensing Key Fob for keyless entry, with Ford logo

2 467 413

Fight back against car theft by upgrading to new Ford security technology. The new motion sensing key fob disables itself while not in use to block keyless hacking from relay box equipment and stops entry to your vehicle.

The new motion sensing key fob detects when it has been stationary for longer than 40 seconds and triggers a sleep mode. This stops all attempts to hack its signal with a relay box. Moving the fob by picking it up inside your home and walking to your vehicle disables sleep mode and restores full functionality. The Motion Sensing Key Fob is designed to operate within a 2 metre radius of the vehicle it is bonded to

· Please note that the Motion Sensing Key Fob and all your existing keys need to be programmed to your vehicle at your Ford dealer

NEXTBASE* Dashboard Camera 380GWX, front and rear Dash Cam

2 534 404

Helps to provide video evidence in the event of a driving incident.

Smart, discreet GPS enabled cameras to be mounted to the front windscreen and rear window. The front facing camera is connected to the rear facing camera via a 6.5 m cable, both are powered by the cigarette power cable being inserted into the vehicle's power supply which automatically starts the cameras recording when the ignition is turned on. Kit contains: front camera and mount, rear camera, 6.5 m connector cable, cigarette power cable, USB cable, battery pack, 32 GB Micro SD card, security pack, quick start guide, window stickers and software disc with manual.

- Wide 140° field of view with 2.12 MP cameras
- 90° verticle lens adjustment ideal for cars and vans with flatter windscreens
- Captures video in full 1080p or 720p HD, 1920 x1080 @30 fps, recording format .MOV
- Once the SD card is full, the camera automatically deletes the oldest files making space for new recordings, so you never run out of space
- Press the protect button while recording to save the current video file
- The camera is set to record video files in 1 minute lengths making the size manageable if you need to download and send to your insurance company
- Download, share or view recorded video or watch live video via the NEXTBASE cam viewer app available to download free from your app store, iOS / Android
- Software disc with NEXTBASE Replay3 firmware enables computer connection via USB
- Wi-Fi connection to smart phone, tablet etc
- GPS records location, speed, date and time to show exactly where and when incidents occurred
- Rear camera video appears as PIP (picture in picture) on your device, tapping the screen will enlarge or reduce the size
- 32 GB Micro SD card included, compatible with 8 – 128 GB, type: SDHC, SDXC, U1
- Battery pack included
- Parking mode monitors your vehicle's surroundings while your car is parked and the engine is not running. Automatically begins recording, if and when motion is detected
- Supplied with security pack to cover the device controls and SD card, this prevents tampering making it ideal for company vehicles
- Dimensions: front camera 58 x 98 x 47 mm, rear camera 49 x 68 x 37 mm
- Weight: front camera 115 g, rear camera 50 g

Garmin®* Dashboard Camera Dash Cam 66W

Helps to provide video evidence in the event of a driving incident.

Compact, discreet GPS/GALILEO-enabled camera with 2.0 LCD display and an extra-wide viewing angle to be mounted on the windscreen. Continually records and automatically saves footage, if an incident occurs. Starts recording automatically when plugged in to a power source. Kit includes magnetic mount, dual USB power adapter for cigarette lighter, 4 m and 1.5 m USB cables and user manual. Please note: Garmin® terms and conditions and operating restrictions for driver awareness functions apply. Please refer to the Garmin® website for further information

- Extra-wide 180-degree field of view with a 3.7 MP camera
- Captures video in either 1440p (2560 x 1400 resolution), 1080p (1920 x 1080 resolution), or 720p (1280 x 720 resolution)
- Integrated G-sensor allows automatic incident detection to save video footage of incidents on impact
- GPS records location, direction, speed, date and time to show exactly where and when incidents occurred
- Built-in Wi-Fi and Bluetooth for wireless video synchronisation
- Voice command function enables you to start/stop audio recording, take a still picture or start/stop the Travelapse™ video capture feature (condenses hours of driving into minutes of highlights)
- Clarity HDR captures increased detail in bright and low-light conditions
- Records your drive in a continuous loop, using a microSDHC™ card (sold separately). For more memory, add a larger card, from 8GB up to 512 GB (class 10 required)
- Play back the footage right on the display, review later on your computer or use the free Garmin Drive™ App on your smartphone
- Includes driver awareness functions of forward collision warning and lane departure warning
- Auto Sync feature allows up to 4 Garmin dash cams to be wirelessly connected at the front, back and sides for complete 360° coverage, if you save a video on one, the others will also save, using the Garmin Drive™ App on your smart phone you can then create a picture-in-picture video of any two perspectives at the same time
- Built-in red light and speed camera data alerts you when red light cameras or speed cameras are close and when your vehicle is stopped, e.g. at a junction or in traffic
- “Go” alert notifies you when traffic ahead of your vehicle is moving again
- Parking Mode monitors your vehicle's surroundings while your car is parked and the engine is not running. Automatically begins recording, if and when motion is detected (requires Garmin® parking mode cable)
- Dimensions: 4 cm x 5.6 cm x 2.1 cm, weight: 61 grams
- Operates in the range of -20° C to +55° C
- Built-in battery

Dashboard Camera with full HD resolution

2 421 817

Helps to provide video evidence in the event of a driving incident.

Taylor made original FORD DashCam for neat integration into your vehicle. Fits perfectly into the rear-view mirror zone without obstructing the driver's view ahead and rearwards. Your favorite moments and memories are stored safely and are at your disposal anytime and anywhere. Recorded data will be saved automatically on SD card in case of an accident, including parking bump protection. The wide-angle camera captures nearly any incidents around the vehicle. Also provides geographic data, e.g. coordinates and speed. Camera functions and recorded data can comfortably be controlled via your mobile device thanks to its Wi-Fi compatibility and dedicated smartphone app. Simple, operational control of the FORD DashCam is guaranteed via Applink by SYNC 3 screen and/or voice control. Main features: 139° wide-angle camera with full HD resolution under any lighting conditions, GPS receiver and G-Force sensor. Including 16GB SD card and fitting material

- Resolution: Full HD 1080P
- Frames per second: 60
- Sensor: Sony
- Video image processor: Ambarella
- Power microprocessor: NXP

NEXTBASE* Dashboard Camera 380GWX, front and rear Dash Cam

2 534 404

Helps to provide video evidence in the event of a driving incident.

Smart, discreet GPS enabled cameras to be mounted to the front windscreen and rear window. The front facing camera is connected to the rear facing camera via a 6.5 m cable, both are powered by the cigarette power cable being inserted into the vehicle's power supply which automatically starts the cameras recording when the ignition is turned on. Kit contains: front camera and mount, rear camera, 6.5 m connector cable, cigarette power cable, USB cable, battery pack, 32 GB Micro SD card, security pack, quick start guide, window stickers and software disc with manual.

- Wide 140° field of view with 2.12 MP cameras
- 90° verticle lens adjustment ideal for cars and vans with flatter windscreens
- Captures video in full 1080p or 720p HD, 1920 x1080 @30 fps, recording format .MOV
- Once the SD card is full, the camera automatically deletes the oldest files making space for new recordings, so you never run out of space
- Press the protect button while recording to save the current video file
- The camera is set to record video files in 1 minute lengths making the size manageable if you need to download and send to your insurance company
- Download, share or view recorded video or watch live video via the NEXTBASE cam viewer app available to download free from your app store, iOS / Android
- Software disc with NEXTBASE Replay3 firmware enables computer connection via USB
- Wi-Fi connection to smart phone, tablet etc
- GPS records location, speed, date and time to show exactly where and when incidents occurred
- Rear camera video appears as PIP (picture in picture) on your device, tapping the screen will enlarge or reduce the size
- 32 GB Micro SD card included, compatible with 8 – 128 GB, type: SDHC, SDXC, U1
- Battery pack included
- Parking mode monitors your vehicle's surroundings while your car is parked and the engine is not running. Automatically begins recording, if and when motion is detected
- Supplied with security pack to cover the device controls and SD card, this prevents tampering making it ideal for company vehicles
- Dimensions: front camera 58 x 98 x 47 mm, rear camera 49 x 68 x 37 mm
- Weight: front camera 115 g, rear camera 50 g

Pioneer* Dashboard Camera VREC-DZ600, front Dash Cam

2 539 425

Helps to provide video evidence in the event of a driving incident.

Full HD high performance GPS enabled front dash camera featuring Pioneer's night time mode for high-quality recordings even at night, making license plate characters clearly visible. Powered by the cigar lighter power cable being inserted into the vehicle's power supply, this automatically starts the camera recording when the ignition is turned on. Built-in battery powers parking mode. Kit contains: front camera and mounting bracket, 5 m cigar lighter power cable, 16 GB Micro SD card, quick start guide, warranty document and cleaning wipe. Optional hardwire power supply wiring kit available separately.

- Wide 160° field of view with 2 MP camera
- Camera screen: 1.5" full colour LCD
- Captures video in full HD 1920 X 1080p, @27.5 fps, recording format .MP4 (H.264, MP3)
- Still image capture, format: JPEG
- Night Time Mode: SONY CMOS sensor "STARVIS™" for detailed image and video capture
- High Dynamic Range (HDR) and Wide Dynamic Range (WDR) enhance the light and dark and compensate for overexposure and underexposure when the brightness suddenly changes
- Once the SD card is full, the camera automatically deletes the oldest files making space for new recordings, so you never run out of space
- The camera can record video files in 1, 3 or 5 minute lengths making the size manageable if you need to download and send to your insurance company
- 4 different recording modes: continuous, event, manual and parking
- Wi-Fi connection to your smartphone to view recorded video or set up the camera via the Pioneer Dash Camera app
- GPS records location, direction of travel, speed, date and time to show exactly where and when incidents occurred
- 16 GB Micro SD card included, compatible with 16 – 128 GB, type: SDHC, SDXC, class 10
- Built-in battery with 750mAh capacity, 4 hour full charge time and 90 minutes record time
- Parking mode monitors your vehicle's surroundings while your car is parked and the engine is not running. Automatically begins recording, if and when motion is detected
- 24/7 security mode monitors your vehicle's surroundings while your car is parked and the engine is not running. Automatically begins recording, if and when motion is detected and the internal battery has ran out (requires hardwire power supply wiring kit)
- Allowable installation angle: 30° to 60°
- Camera swivel mechanism
- Graphic User Interface Languages: English, French, German, Spanish, Russian
- Dimensions: 78.6 x 77.3 x 47.4 mm
- Weight: 118 g (excluding bracket)

Dashboard Camera with full HD resolution

Helps to provide video evidence in the event of a driving incident.

Taylor made original FORD DashCam for neat integration into your vehicle. Fits perfectly into the rear-view mirror zone without obstructing the driver's view ahead and rearwards. Your favorite moments and memories are stored safely and are at your disposal anytime and anywhere. Recorded data will be saved automatically on SD card in case of an accident, including parking bump protection. The wide-angle camera captures nearly any incidents around the vehicle. Also provides geographic data, e.g. coordinates and speed. Camera functions and recorded data can comfortably be controlled via your mobile device thanks to its Wi-Fi compatibility and dedicated smartphone app. Simple, operational control of the FORD DashCam is guaranteed via Applink by SYNC 3 screen and/or voice control. Main features: 139° wide-angle camera with full HD resolution under any lighting conditions, GPS receiver and G-Force sensor. Including 16GB SD card and fitting material

- Resolution: Full HD 1080P
- Frames per second: 60
- Sensor: Sony
- Video image processor: Ambarella
- Power microprocessor: NXP

Garmin®* Dashboard Camera Dash Cam 66W

Helps to provide video evidence in the event of a driving incident.

Compact, discreet GPS/GALILEO-enabled camera with 2.0 LCD display and an extra-wide viewing angle to be mounted on the windscreen. Continually records and automatically saves footage, if an incident occurs. Starts recording automatically when plugged in to a power source. Kit includes magnetic mount, dual USB power adapter for cigarette lighter, 4 m and 1.5 m USB cables and user manual. Please note: Garmin® terms and conditions and operating restrictions for driver awareness functions apply. Please refer to the Garmin® website for further information

- Extra-wide 180-degree field of view with a 3.7 MP camera
- Captures video in either 1440p (2560 x 1400 resolution), 1080p (1920 x 1080 resolution), or 720p (1280 x 720 resolution)
- Integrated G-sensor allows automatic incident detection to save video footage of incidents on impact
- GPS records location, direction, speed, date and time to show exactly where and when incidents occurred
- Built-in Wi-Fi and Bluetooth for wireless video synchronisation
- Voice command function enables you to start/stop audio recording, take a still picture or start/stop the Travelapse™ video capture feature (condenses hours of driving into minutes of highlights)
- Clarity HDR captures increased detail in bright and low-light conditions
- Records your drive in a continuous loop, using a microSDHC™ card (sold separately). For more memory, add a larger card, from 8GB up to 512 GB (class 10 required)
- Play back the footage right on the display, review later on your computer or use the free Garmin Drive™ App on your smartphone
- Includes driver awareness functions of forward collision warning and lane departure warning
- Auto Sync feature allows up to 4 Garmin dash cams to be wirelessly connected at the front, back and sides for complete 360° coverage, if you save a video on one, the others will also save, using the Garmin Drive™ App on your smart phone you can then create a picture-in-picture video of any two perspectives at the same time
- Built-in red light and speed camera data alerts you when red light cameras or speed cameras are close and when your vehicle is stopped, e.g. at a junction or in traffic
- “Go” alert notifies you when traffic ahead of your vehicle is moving again
- Parking Mode monitors your vehicle's surroundings while your car is parked and the engine is not running. Automatically begins recording, if and when motion is detected (requires Garmin® parking mode cable)
- Dimensions: 4 cm x 5.6 cm x 2.1 cm, weight: 61 grams
- Operates in the range of -20° C to +55° C
- Built-in battery

* Warranty covered by third party supplier.

Eibach®* Pro-Spacer Kit wheel spacer System 4, black anodized

2 516 592

Bring the ultimate finish to your lowered dream with sleek and flush lines delivered through this Pro-Spacer Kit.

Kit contains 1 pair (2 spacers). Your vehicle looks wider with the wheel spacers installed as its wheels are flush with the outer edges of the wheel arches, significantly enhancing its optical appearance. By increasing the track width, an optimized driving behavior combined with higher stability is also achieved as it positively influences the roll of the chassis.

Please note: possible wheel arch extension / body work required before fitting. Please consult your local dealer or if relevant to your country, download the ABE certificate from the Eibach website.

- Wheel spacer thickness: 18 mm, track widening per axle: 36 mm
- Made from high-tensile strength aluminium alloy
- Exact fitment and increased wheel balance by using minimal production tolerances
- All applications tested in rigid durability and fatigue tests
- Significant weight advantage compared to wheel-spacers made from steel
- Ideal combination for use with the Eibach® Pro-Kit suspension lowering system
- High-grade corrosion protection through a special coating process (salt spray test according to DIN 50021 standard)

* Warranty covered by third party supplier.
